

The Discover More Game

Why should your child have all the fun?

Discover More helps families to be playful together, supporting the **FIRST® LEGO® League** program and STEM learning.

- Play together to explore teamwork, expression, and collaboration, and challenge yourself to solve the tasks.
- Activate your brain and build STEM skills in a hands-on way.
- Be sure to modify the game with your own tasks and house rules to discover new ways to play.

Let's get started

Together with your child, take a set of 6 bricks each. Both of you will make a tower, balancing your six bricks, short end to short end.

- Try changing the hand you use or close your eyes.
- Try building a tall tower with all 12 bricks.
- Talk about how you both managed to balance your bricks.
- What made it easier or harder to build the tower?
