Welcome to Boomtown! Come join our team!

Teams will explore the growing needs and challenges of the people in our community. Teams will help to imagine and create a building that solves a problem and makes life easier, happier, or more connected for the people that use it.

Use your imagination and LEGO® Education WeDo 2.0 to design and program your BOOMTOWN BUILD℠. Keep track of what you learn in your Engineering Notebook, and tell about it in a Show Me poster.

Be sure to share what you learn!

Boomtown is growing. We need your help!

Can you design and create a building for our town?
